The PBRC would like to host a panel on sustainability. The discussion would cover what's being done at the local, national, and international level to promote sustainable development. The purpose of this panel would be to inform and interest students on the issue regardless if they are environmental studies students or not.

**A roundtable discussion on sustainability**

**Engage in dialogue with professors and students**

---

**Panelists**

- Dr. George Busenberg
- Dr. Deike Peters
- Kayleigh Levitt
- Sustainability Committee
